REFLECTIONS

Guruii Krishnananda

The Revolution by Light entered the next phase with thousands of people from all over the world channelling Light on May 7, 2012. We should not stop with this. We have to channel Light daily. More and more people have to join this. Revolutions will not begin and end in a short period. Not this one. It is a silent one also. But, I know, it is very effective.

We must also remember that the Revolution is being carried on at the Astral level. The network of the Rishis which is spread all over the world is working on this. Masters from the outer space are helping with their energies and knowledge. They are in contact with some of the Light Workers who are working on their own. In a short course of time, every one on this earth will be contacted either at the physical level or at the Astral level and will be educated about the opportunities at the end of 2012 that take us to a higher life.

I have been witnessing the impact of the Revolution by Light that began in 2008. I have been noticing the awakenings, rejecting of the corrupt ways and systems and yearning for a peaceful and just living. I have been seeing the surges of waves of changes spreading all over the world. I am experiencing the waves of the energies of changes. It may take some time for them to manifest fully at the physical level. But they will.

We are going through a very special phase of Transition. We have to live with the imperfect and corrupt systems, choose a value system and keep a balanced head in the surrounding madness of greed and violence without losing hope of a better tomorrow. These are really challenging times. More chaos and confusion are expected. In these trying times, not losing the balance and hope is very important. For that, there is no other way than the Spiritual way: Meditating and getting help from the Spiritual energies flooding the earth.

Taking help from the Light is the best option. Not many may realize this now. But, ultimately, everyone will turn towards Light.

LIGHT CHANNELS MEET, MAY 7th 2012

Jayant Deshpande

Guruji introduced Light Channelling in 2008 and since then we, the Meditators have been channelling Light. Then in 2009 it was introduced to school children. More than 2 million children have channelled Light since then. Guruji has also been speaking in the classes about the Spiritual importance of 2012 events and a great Revolution in Consciousness. All this knowledge and awareness have to be spread to the whole world. And May 7th event was the launch pad towards this effort; to spread this great and last Revolution by Light.

The preparation for this event began well in advance in February. While the volunteers worked at the physical level under Guruji's guidance, Guruji worked at the Astral level inviting many Astral Masters to bless this event. After a phase of thorough planning, began the phase of impeccable execution. The Volunteers' Love, dedication and hard work and the grace of the Rishis made the event a grand success. Help from Light was experienced at every stage of execution.

Close to one thousand people had gathered at the Chowdiah Memorial Hall. Masters from Shambala and many other Masters were present astrally. Message from the Rishis was delivered by Guruji with great clarity, simplicity and humility as thousands of people watched the Live Webcast of this program all over the world. When Light Channelling began at 7.45 PM, the entire hall was filled with Divine silence as a great Energy brought down on Buddha Purnima was channelled to the whole world. Thousands joined in this channelling of Light, at the same time, from different places in the world. After channelling for 15 minutes, the Light Channel Volunteers were honoured by Guruji by gifting them a memento of Light Channels. Many of them were overwhelmed with gratitude and many expressed that this was a life fulfilling moment for them.

The event gave people the Light of Hope and an Assurance from the Rishis of a glorious future; of a not very distant New Age.

TAPONAGARA DIARY

Seema Almel Somayaji

The month of April brought the new energies of Ugadi and special energies of Akshaya Tritiya. Good Friday was marked with Meditations.

The soaring summer temperature could not match the fervour with which some Resident Volunteers were working for the May 2012 Light Channelling Event. Regular meetings, planning, scheduling, etc marked the entire month. Amidst the whirlwind of activities, right at the centre of it all, the soul of Taponagara – our Guruji – sat in solitude working with new Energies and attending to Astral projects we might never come to know about. Like the silent and powerful centre of a galaxy he monitored and directed the different aspects of the Event. In a small and simple place like Taponagara, large and complex projects of the Light Masters get executed.

Despite Guruji's preoccupation he made himself available for the Residents' Meet, during which, he taught us a very important lesson. The harsh summer heat and the resultant shortage of water has not kept Taponagarites wanting, even though the entire place sits on a rock and most attempts to tap underground water have failed. There is just about enough water supplied by village tankers for daily needs no more and no less. Guruji defined this as an act of Grace from God. For us it is purely Guruji's Grace.

LIGHT CHANNELS WORLD MOVEMENT

This is a Movement in Conscience. A Movement to make this world a beautiful place full of Love and Peace. A Movement with no sermons or banners. A Movement where just channelling and spreading the Light are enough. Channel the Light and the Light will do everything. Everything that words cannot do.

When we channel and spread the Light, it enters others' hearts and homes and transforms the darkness in thoughts and emotions. Then the individuals transform. With the individuals, the world transforms. It becomes a place full of Light.

This is not the physical Light but the subtlest Light from the Core from which all creation has come. This Light has everything: the Power, Wisdom and the Future. And it is everywhere, unseen.

Let us channel and spread the Light for 7 minutes daily when we wake up and go to sleep and transform the world.

This Movement was launched on 18-5-2008 by the Galactic Council, the Sapta Rishis, through Guruji Krishnananda.

Spread this Message to all.

SHAMBALA PRINCIPLES

These are the seven principles given by the ancient Rishis which are practised by the people living in Shambala, a city of Light on earth. They live in Peace and Perfection without ageing.

- 1 Experience the Light in your Core and spread it around.
- 2 Experience and spread Love.
- 3 Experience the Oneness of Life in everyone and everything.
- 4 Carry on the daily activities first in mind, then verbalise it in soft whispers and then actualise them in deeds.
- 5 Observe the law of secrecy before achieving any goal by minimising talks about it.
- 6 Gear up the body, mind and intellect to fight out the negativities.
- 7 Draw your own lines of contentment with the material requirements to pursue higher Spiritual goals.

GURUJI SPEAKS

(Excerpts from Guruji's Sunday Lectures) (Compiled by Shobha K Rao)

01-04-2012

Meditation is the most serious thing in life. It is a process wherein we establish a relation with God, the Source; the intelligence behind all Creation. And by direct experience we understand why we are here, why we have problems and many other things.

Spirituality begins with small details in life. In every detail of life one has to be prompt, proper. Everything about you makes you Spiritual. Spirituality should be visible. The tone you use with anyone, not necessarily with a Guru, is also important.

When you think of me you get mind-linked with me and also with my energies; depending on the intensity of the link the energies respond. If you want to see me perhaps you will have a vision. If you want to talk to me perhaps these energies talk to you. You can have a dialogue. This is possible with anyone. But you have to be a little cautious, as a dark entity may impersonate me. You can crosscheck with me.

The whole system- body, mind, intellect are friends. If you want to see a light, the mind will project it. So you have to be careful. Do not fall a prey to the mind. The mind tries to please you. It overplays. So don't entirely depend upon what the mind projects.

Channelling Light is not enough. Those who channel Light have to understand Light and the workings of Light, have to first live the life in the most proper way. People will begin to look towards you. Never neglect any duty or responsibility.

I have been observing since 1977 that whenever possible people begin to commercialise, to sell. I feel sad

when I observe the commercialization of the Spiritual.

A person had picked up a technique from a book and had begun meditating. Suddenly, he began hearing sounds in the head, like crackling sounds from burning fire. He felt heat in the entire system. I asked him to stop meditating. This kind of abnormality was felt because of that practice. People who practised things wrongly in the previous lives are suffering even now. So do not ever venture to take up such practices.

08-04-2012

Individual guidance is meant for guiding in higher Sadhana. If you carry negativities you are not ready for it. You have to be patient and wait. First meditate well, experience Light, practise all the Shambala principles, be thorough with the knowledge; then you will be ready for higher Sadhana.

When you grow spiritually you grow in every area, your whole personality will be refined. Every word that comes from you will be full of Love. Spirituality begins not with Meditations but with every detail of life.

The Photon Belt energies experienced during the Orientation class brought about temporary, mild sickness in some people. These energies do not tolerate even a trace of negativity. They tried to correct. Perhaps we have not chosen Light from the level of the soul. All these energies come to us to help, not to trouble us in any way.

Orientation session has also brought a lot of changes in people. While walking, a person experienced for a long time a kind of blankness, a state of no thoughts. Even when she was physically busy, her Awareness could go beyond the body, mind and intellect, to higher levels. It is a state of experiencing the Bliss. One such experience is enough to change our lives.

A young girl in the ICU was very happy when her father visited her. He was full of smiles and energies. After spending some time with her, he went back and brought her mother. She realized that it was the first time he was coming. She thinks that the person who came earlier in the guise of her father was me. It was me! Not many have such beautiful experiences.

A person was in a dilemma. She asked 'how do we deal with a person who is manipulative?' I told her to follow two laws: The first law is, 'Do not dislike the person, send Love to him.' The other law is, 'not to allow exploitation.'

Some people ask 'why is it we are talking of Light now?' For the past 5000 years during Kali Yuga, Light had no chance, as it was darkness which had the opportunity. Now, we are entering the Light Age. Naturally we must know Light, experience Light and spread Light. Thanks to the new energies, people are awakening; they easily understand Light and channel Light. Earlier it would not have been possible.

15-04-2012

The questions and even the answers may appear familiar. But, please note that everytime a new point is added to the answer. You have to read our books to understand this Path, to understand about Spirituality, Meditations and life.

Retreat is a very special occasion, a rare opportunity, where you can ask new questions and I can also try to get new knowledge. The most important thing is the knowledge to live the everyday life. We have very clear instructions from the Rishis about it.

GURUJI SPEAKS

(Excerpts from Guruji's Sunday Lectures) (Compiled by Shobha K Rao)

Those who want to attend retreats please prepare, as the quality of the session depends always on the questions that come to me.

Whenever we hear about an earthquake, a volcanic eruption, a cyclonic storm or a solar flare we think of their destructive part only. Spiritual energies are released at all such times. The finest example is of the recent earthquake. It was of such a big magnitude, but not a single person died. The Rishis wanted to release new energies, strong energies and they allowed this earthquake to happen.

Sometimes, people ask 'why should there be destruction?' It is difficult to understand life around us, life on this planet, the process of Creation, but it is possible. If you understand thoroughly knowledge in our books, you will understand that even destruction is a natural process. There will be pain. There will be sadness. It is a part of the game. Whatever is created is bound to be destroyed. So God who creates and also destroys is not touched by these things. You too have to reach such stages. Meditation helps you. Light helps you. I always insist that you experience Light more.

It is the nature of a human being to share, particularly things of value. The first one who gets benefited by Light Channelling is you, as the Light cleanses the whole system when It flows through you. If you allow, It transforms you. Light Channelling is a wonderful practice. You have to tell about it to others and help them grow, but if other people are not ready you cannot do anything about it. You can only feel sorry for them.

Light solves all our problems. Whenever a problem is not solved immediately the Light gives us the courage and the wisdom to live with the problem and the problem vanishes gradually. Light solves all problems provided you choose Light from the level of the soul. If you really choose, the Light takes over.

A non-Meditator, not known to us at all, read the book 'Practising Shambala Principles'. He said that he practised Astral travel to Shambala, as he wished to meet Lord Kalki. But from that day onwards he says that he feels the presence of a spirit around him. He writes to me 'please help me.' I asked him 'why did you try Astral travel?' He said there is no warning in the book about not to practice Astral travel. I told him that in the book there is no suggestion of travelling astrally. I have never said anywhere that you travel astrally to Shambala.

22-04-2012

A lady who visited Taponagara recently, said 'I found great energies in Taponagara.' She said that she absorbed these energies. She added 'I require nothing more. I have received everything. Hereafter, I just live on Love and Light.' While healing she passed on energies and also Light, the healing was 10 times faster! The people who receive Light like this feel peaceful, they are also given some knowledge which they receive at a deeper level. Light also helps in transformation.

We have to live like normal human beings till we reach the end of 2012. Don't make any changes. Meditate and Positivise. It is enough preparation. Understand Spirituality as just being good, honest and peaceful. If you don't prepare and just continue living a normal life, maybe you will face difficulties. Each one of us can and has to sail through 2012 events, because the Age after that is a glorious one.

We never encourage people running away, going to Himalayas. Stay wherever you are. Live this life properly, sensibly, whatever the economic condition may be. If we don't do this, I think we will be betraying the trust the Rishis have in us. When life can be simple and peaceful we mess up unnecessarily.

The human part in us is so precious. There is such beauty in relating to a person from your heart. We must have concern not merely for ourselves, our family, but to our nation and to the whole globe. Channel Light. We should not allow this human part to come in the way of our Meditations or in relating to others, or come in the way of being universal. Let us enjoy the human part, keep it alive always and make it a doorway to Universalism, not an obstacle.

The purpose of Meditation is to become silent, reach the ocean of stillness and expand. But when you follow the guided Meditation by listening to a cassette and practise Meditation, you will remain at this level only. You will not go beyond the Mantra, beyond the mind. Understand this clearly.

We have to make resolutions, relating to the Spiritual part and the material part on 'Akshaya Tritiya' and place them before God. Energies available on that day help us achieve our goals easily.

The Rishis monitor our Meditations and all our activities. Most of the times, they monitor from the higher planes.

The Orientation class was webcasted. It was meant for the persons who had registered. But these techniques were passed onto others. The people who shared these techniques have lost the benefits they gained by practising on that day. The others who practised do not get the benefits.

DDs are to be drawn in favour of "Manasa Light Age Foundation ®" payable at Bangalore.

SPECIAL GUIDELINES BY GURUJI

- Have patience. Do not expect to experience Samadhi the first day! Do not expect miracles. But miracles do occur silently when we pursue Sadhana genuinely.
- Each one faces struggles in a different way. But struggles vanish with practice.
- Each one has experiences in a special way. But do not give too much importance to these. The experiences are good. But they are not the measures of Spiritual progress.
- Do not try to analyse the processes during Meditation. Analysis does not help Stillness.
- Thoughts are common. Do not worry.
 Do not try to drive them away. Just ignore them. There is no other way.

EXCERPTS FROM CORRESPONDENCE WITH GURUJI

(Compiled by Shobha K. Rao)

There is a kind of detachment definitely, though not complete. There is a deep understanding of the temporariness in life. Many times I really feel that I am just a visitor here. So I am able to watch everything, all the happenings from a distance.

- Shantha kumari H S

During my pregnancy, for about 7 months I was busy with the Light Channelling work. I was channelling Light consistently to the baby too. And I used to always talk to the baby in the womb about you and Taponagara. Now, after her birth, whenever I say 'Guruji' she always smiles and responds. When I talk about the Light Channelling technique she responds again, making expressions to convey that she already knows about it!

- Karuna Murari

Thank you very much for this wonderful webcast. Listening to you every week helps me gradually understand the basics, essential teachings and messages. Even simple messages such as 'prioritize' are quite difficult in terms of really recognizing their significance and actually practising in life.

- Lynne Karatani

Since the past few months I had been trying to evade certain family duties, trying to think of excuses not to do them. I realised that it was easier to do the work without attaching any resentment to the situation. Everything suddenly ceased to be a struggle. I also understood what it actually means to 'surrender to God' and not have any expectations. I can feel the flow of positive energy within myself once again.

- Kavita Manjunath

I have mellowed down a lot. I am able to love everybody, able to send Light and Love to everyone, even to people who apparently do not like me. I am able to understand that everything is a play of God and finding it easy to surrender to Him. I am able to see and feel God in everything. The last few weeks of my life have been amazing!

- Jagdish Hiremath

On one level I know that I am already the Self and on another, there is an awareness that there is so much more to realize and experience. The Light Age Masters have connected me with something so ancient within. The affirmations bring about expansion and joy. I have never felt before this 'green light' to stay with the Light Masters and not stray away from them; never felt so full before. Everything else has been preparation for this

- Marcia Stowe

I was deeply touched when a little girl opened her eyes with a big smile after the Light Channelling session, walked up to me and gave me a chocolate. It was not her birthday. She must have saved the small chocolate for herself, but had the big heart to give it to me. Her expression of thanksgiving was very touching. Only Light Channelling can help us experience such sweet gifts from shining souls! Thank you.

- Padmaja Balaji

After attending the Orientation class I find a lot of positive changes in me. Now, I love to sit for Meditation. When I close my eyes I feel I am only a dot and my body feels light. I no longer crave for food. The agitations in the mind have disappeared. I feel so light in mind also. Thank you very much.

- Chella Subhadra

The best thing that has happened in my life, is joining this Meditation Course, which is enhancing me with so much deeper understanding of things, which otherwise is even beyond my perspective. Thank you very much.

- Nandita Patel

COMMENTS FROM PEOPLE ON REVOLUTION BY LIGHT EVENT

(Compiled by Jayant Deshpande)

I did not remind myself in any way of the event, but was guided by the Divine at the exact time, as it was beginning. It was a wonderful experience! I will continue channelling Light everyday on my own for the benefit of all humanity.

- Patricia Chaidez

I am so happy and fortunate that I was able to watch the webcast live. What a kind, gentle and peaceful man Guruji Krishnananda is! His message is so important in these times of wars, hatred between countries, hatred between religions and an uneasiness and uncertainty of life as we know it.

Coming from a Roman Catholic background, I never once felt that I must give up my beliefs to be part of this powerful worldwide Revolution by Light. And I am sure there were many others from different religions, listening and watching the webcast. Never did Guruji Krishnananda bring religious ideologies into his talk. We all can live by our own conscience and still practise the simple Meditation technique to send positive Light energy (God) throughout the Universe.

- Luann DeLuca

That was such a beautiful Event! I have been so fortunate too, to have been able to participate in the event from USA. Thank you so much for making it possible for everyone to participate no matter where we were in the world!

- Linda Dirks Sawyer

I feel very fortunate to have been able to tune in and listen to Guruji's message with you all, during this time of global Spiritual transformation. His message was very important and inspiring and I for one will be calling upon the Rishis to help if need be.

- Gwion Jacob

I did not know this group until now. I knew that there are Light workers dispersed all over the world. I was glad to be connected with you, heart to heart.

- Molnar Gy

Revolution by Light event was one of the greatest events in my life. Your speech was very inspiring and just perfect. Some of my colleagues and friends who attended and watched the webcast told that it was very good and inspiring.

- Praveen PB

I am grateful to you for giving such a lovely opportunity by allowing us to participate in the Revolution by Light event. It was a grand success as all my family members along with many friends and known persons channelled Light.

Thanks to the webcast team. I felt as if I was there. With tears in my eyes I can only say, "Thank you Guruji and Rishis. Now my life is complete!"

- Vishwas Dixit

Exactly at 7.45 PM in Melbourne, Australia, we participated in the Movement by channelling Light for 15 minutes. Never before in our lives 15 minutes passed so quickly!

- Makarand

How to express gratitude for the expression and manifestation of Light's Love? I feel so humble in realising that I may be part of It. There is deepening of the commitment to Light. I am grateful that you wished to share the importance of this day.

- Gerda Leijten

The webcast came in clear the whole time, even in Arizona, USA. Your message was significant and easy to understand. I have a group meditating tonight and know of other groups, so this is a good start of the Revolution. I honour you for your selfless service to the Light.

- Karima

It feels so refreshing after channelling Light with millions. Thank you Guruji for this contentment.

- Poojashree Ramesha

It was so refreshing channelling in mass. I felt vibrations of Light in each of my cells.

- Pradeep Kumar

(Excerpts from Guruji's Speech at the Event) (Compiled by Jayant Deshpande)

It is a message of Hope. It is a message of Assurance.

The message begins like this ...

Most of the events expected to occur at the end of 2012 will occur. But let no one panic. The world will not end. The destruction feared to be associated with these events can be prevented. This is the most important part of the message.

This destruction is related to the Spiritual Transformation of people. What is Spirituality? Spirituality is just being good, honest and peaceful. We do not have to go to temples. We do not have to go on pilgrimages. This is the essence of Spirituality. This definition comes from the Masters who bring all knowledge from higher realms.

One may ask, why is destruction related to the Spiritualisation. The most important fact is that we are entering into a new time frame, a New Age. In the New Age, this goodness, honesty and peace are the minimum conditions to live and exist. People who do not choose to be peaceful and loving cannot survive.

The New Age is not far away. It begins from end of 2012. By the end of 2012 all the people will not become saints. The Rishis say, "You don't have to completely transform. But you have to choose. Choose to be good, that is enough." Choosing qualifies us to enter into the New Age. Once many people choose, the Rishis who control the destruction will have enough reason and justification to totally avoid or minimise the destruction part.

The Revolution by Light is for Transformation. It is for preparation. It is to help us choose. It is a silent effort to bring about great changes all over the earth, taking the help of Light.

This message is for the entire humanity. All imperfect systems will collapse. They may collapse suddenly or gradually. Personally I feel the collapse will be sudden. When the systems collapse, naturally there will be chaos and confusion. But the Rishis say - do not worry. They have plans. They will help. They have seen these events many times. It is not the first time we are entering the Photon Belt.

When imperfect systems collapse, new systems come into existence. This may happen immediately or gradually. The decision in this regard is not taken, yet.

Every individual on this earth will be contacted directly. I feel so happy to repeat this. Rishis are such kind and loving people. Even those who do not change, will be taken care of with Great Love. It is not that they will be abandoned and punished. In the kingdom of God there is no punishment. Everyone is given another opportunity. A million times we fail, one more opportunity is given. The kingdom of God is full of Love.

All hidden faculties, the 3rd eye, our capacity to communicate telepathically, living on Prana etc. will open up. When the systems collapse, we may not have food. Then we may be given the gift of living on Prana. Suddenly all people will be contacted and helped.

Yesterday, during Buddha Purnima, a special energy was released. When we channel Light, even this energy will be channelled. After channelling today, please do not stop channelling. Channel everyday for a minimum period of 7 minutes.

I do not know whether I have carried the message properly or not. But the Light in you, I am sure, It has captured the message in its purity and entirety from the Light Masters. I feel this is the most fortunate moment in my life to be the messenger of the Great Rishis.
